Himlung Himal Expedition/Mt Himlung Himal is western prat of the Manang District in Nepal. Mt Himlung Himal is one of the as of late opened climbing inNepal

Overview

Trip Introduction

Tour Details

Mt. Himlung Himal is western prat of the Manang District in Nepal. Mt Himlung Himal is one of the as of late opened crests for climbing and is situated among-st Manaslu and Annapurna ranges. Manaslu Expedition

This undertaking takes you through remote towns to Nepal and Tibet visitor. Going through two fascinating towns of Nar and Phu, Base Camp will be set up at the stature of 4,900 m.Which is situated at the upper fringe of one of fields had a place with Phu. Regularly three high camps will be set up to achieve the summit: Camp I at the stature of 5,450 m. Camp II at 6 000 meters on the Camp 3 at 6,350 m. Manaslu Circirt Trek Base camp of Mt. Himlung is set at the height of 4900 m. The three higher camps are established at the heights of 5,450 m, 6,000 m and 6,350 m respectively. The last part of the pinnacle includes steep and icy way. Generally it takes ten to fifteen days to conquer Himlung Peak and back to the base camp. Pisang Peak

After being opened to climbers in 1992, it was first ascended by the Japanese team in the same year. Until now, only few teams have been succeeded to climb at its top. Among these one team was Japanese and the rest were form other countries. Although being easy as compared to other peaks, ascending to Himlung Peak require high fitness level. Himlung Himal is splendid peak in isolation with an awesome explorations trek to the top. Annapurna Tilicho Lake Trek
