Trip Itinerary

Kathmandu – Kakani – Bhudanilkhanta (57km – Hard Ride, 5 to 6 hours).

It is one of the most challenging rides that will provide you the opportunity to view the best panoramic mountains and around 9 km of single track riding in the dense jungle. The ride starts with a long on road climb of around 27 km to Kakani.T he last 5 km of this climb are quite steep. Here you can stop for lunch. From here we enter the park and have a short but tough climb. Things get exciting as we enter the jungle and the track narrows. Emerge from the jungle and drop almost vertical back down into the Kathmandu Valley.
